

Haplo Research Manager

Haplo Research Manager supports researchers and professional services teams at every stage of the research lifecycle – from funding proposals through to management of research outputs.

Haplo
Research Manager

Funding

- Haplo **supports collaboration** on funding proposals
- **Enables internal approval** prior to final funding submission
- Provides an **integrated costing tool**
- Creates **milestones** for projects with reminders of key deadlines for tasks, reports and invoices
- Keeps records of **project meetings**

Funding reports

Haplo provides a range of **customisable reports** enabling:

- **Tracking the progress** of applications for internal approval of proposals
- Reports on **prospective and actual** research income
- **Reports on funding** by researcher, faculty, research group, REF Unit of Assessment
- **Easier auditing**
- **Filtering and exporting** of results

Biography

I studied at the University of Lancaster (BA in English) and at UCL (MA and then a PhD, both in phonetics). I joined the University of England in 2003 as a Visiting Lecturer, becoming a Principal Lecturer in English in 2012.

I have been an invited speaker at many national and international institutions and conferences, and am on the organising committee for the annual European Phonetics International conference.

I have undertaken consultancy work for government and private companies. I have been a

Access

Third party content

The output depends on the reproduction of third party content for which open access rights could not be granted (either within the specified timescales, or at all).

Publication embargo length

The publication concerned requires an embargo period that exceeds the stated maxima, and was the most appropriate publication for the output.

Publication disallows OA deposits

The publication concerned actively disallows open-access deposit in a repository, and was the most appropriate publication for the output.

Deposit

No repository available

The individual whose output is being submitted to the REF was unable to secure the use of a repository at the point of acceptance.

Delay in securing peer-reviewed text

The individual whose output is being submitted to the REF experienced a delay in securing the final peer-reviewed text (for instance, where a paper has multiple authors).

● Bypass REF exception registration

REPOSITORY

Dr Jessee Pearson

Name	Dr Jessee Pearson
Job title	Professor of Phonetics
Email address	jessee.pearson@example.org
Research institute	English
Subjects	Phonetics & phonology
ORCID	 https://orcid.org/6745-6082-4402-1354

Biography

Biography

I studied at the University of Lancaster (BA in English) and at UCL (MA and then a PhD, both in phonetics). I joined the University of England in 2003 as a Visiting Lecturer, becoming a Principal Lecturer in English in 2012.

I have been an invited speaker at many national and international institutions and conferences, and am on the organising committee for the annual European Phonetics International conference.

I have undertaken consultancy work for government and private companies. I have been a National Teaching Fellow of the Higher Education Academy since 2015.

Teaching

I have taught phonetics and phonology all over the world, including Belgium, Germany, India,

Repository reporting

Haplo provides a range of **customisable reports**:

- Enables **comprehensive reporting** across the full publication lifecycle
- **Monitors submissions** to the repository through the ingest process
- Enables easier monitoring of **REF and OA compliance**
- Provides **faculty** with instant access to reports
- Supports **filtering and exporting** of results

“Haplo provides our academics with a single interface for Repository, PhD Management, Ethics, and more. The streamlined workflows, in particular, have resulted in significant buy-in. We’ve seen a huge increase in self-deposit of research outputs by academics as well as improved understanding of open access compliance.”
